

Manual Tool for PET and Heavy Duty P.P. Strappings

Hercules H-44

Combination Strapping Tool

Main Features

Safety

With little effort, packages such as boxes, pallets, crates can be safely strapped. Products are firmly secured for shipment and storage.

Easy Operation

A serrated seal is inserted into the tool and is locked. The operator then threads the strap through the tool.

High Tension

The windlass tensioning system and tension handle provide very high tensioning capacity.

Serrated Seal

For use with serrated seals, high seal efficiency can be achieved.

Option

- Handle for Horizontal Applications
