

MUL-20

Teknika MUL-20 is a Sealless Combination Tool for high tensile and regular duty steel strapping of thickness up to .025in. The MUL-20 is adjustable for strap widths of 1/2", 5/8", and 3/4". Reversible dies ensure longevity of tool operation and reduces expensive maintenance with affordable replacement parts. Designed to minimize damage from accidental drops

Advantage and customer benefits

- Easiest sealless combination tool to operate, adjust and maintain
- Design based on 15 years of worldwide field use and feedback
- Triple-notch, highly efficient sealless joint
- Reversible dies for double life and 1/3 of the replacement cost
- Designed to minimize damage from accidental drops
- Lightweight and small footprint for universal operation
- Lifetime availability of parts and service
- User friendly

Technical data

Tension force	Up to 5,800 N
Package Type	Flat surface
Sealing	Triple-notch sealless joint
Strap width	1/2", 5/8", 3/4" (13, 16, 19 mm)
Strap thickness	Up to .025" or 0.70 mm
Strap quality	Regular or HT Steel straps
Weight	8.5 lbs or 3.8 Kg.
